

Eco - house

Here we go

Take off your shoes, feel comfortable!

Take a look through our eco windows, made of trees that have grown for 300 years, and we cut them!

Sit down and relax

Do you want to drink something?

Watch a show on our eco TV !

Or take a nap

Cover yourself with eco-material blanket

We only used eco-material to build our house!

Good night, be careful how you deal with nature!!!
